Dr. Moody and Jenny Lind are two varieties which always find a ready sale, and the fact that they are reliable bloomers makes them among the most profitable gladiolus to grow.

Resplendent is in the novelty class, heavily ruffled with gay colors which make it very attractive as a cut flower.

These three varieties are the ones we grow in large quantity, but not as many Resplendent as of the other two.

Old Standard Varieties

Have not a large stock of any of these. Offered subject to prior sale.
